

## OECU Disclosure for Members

Members of the OECU are eligible for special rates on home and auto insurance through a Group Home and Auto Insurance Program administered by HUB International and underwritten by Aviva Traders. A group discount of 10% is available in addition to other eligible discounts an individual may qualify for.

It is important to note that individuals have a responsibility to notify HUB International should they discontinue banking with the OECU. Although no longer eligible for the Group Program, HUB will offer coverage through an alternate insurer upon renewal.

In consideration of OECU making the Home and Auto Insurance Program available to its members, OECU is eligible to receive financial consideration in exchange for endorsing HUB International as the 'Broker of Choice'. These funds are used to grow, enhance, and reinvest the OECU's offering to its membership.
